Consider the number of health concerns when booking. Multiple concerns require longer appointments for thorough evaluation. This ensures comprehensive care.

### Bulk Billing/Other Fees:

Bulk billing at our practice is offered at the discretion of the individual doctor. We automatically bulk bill patients aged 15 and under. Additionally, patients holding a current Centrelink Health Care Card or Concession Card are also eligible for bulk billing. Please be aware that bulk billing for results is not always guaranteed and is determined by the doctor, who may choose to bulk bill or offer a discounted fee.

It's important to note that certain appointments may incur fees that differ from standard consultations. These may include Mental Health Care Plans, excisions/biopsies, iron infusions, and specific treatment room procedures. There may also be separate charges for dressings. Ultimately, all billing decisions remain at the discretion of the treating doctor.
